Alan Horowitz to Join AcisTek Corporation as Chief Executive Officer

ARLINGTON, VIRGINIA – October 16, 2015 -- AcisTek Corporation announced today that Alan Horowitz will be joining the company as Chief Executive Officer. After thorough succession planning and a comprehensive search process, AcisTek is pleased to have found the best individual to assume leadership of the company moving forward. Mr. Horowitz demonstrates strong leadership, deep industry knowledge, and a superior understanding of the market, ensuring that he is uniquely qualified to lead AcisTek into the future. Through Mr. Horowitz' leadership AcisTek will continue to deliver high quality services and innovative solutions to our clients.

Prior to joining AcisTek, Mr. Horowitz served as President of MainStream Global Solutions (Mainstream GS). With MainStream GS, Mr. Horowitz was charged with oversight for the major functions of the company, including operations, consulting delivery, sales, marketing, and contracting. He was responsible for steering Mainstream GS toward long-term growth opportunities and expanding their influence within the public sector and commercial markets. Prior to his work with MainStream GS, Mr. Horowitz worked for the Microsoft Corporation as General Manager of World Wide Public Sector Services. He was responsible for launching the IT services business in U.S. public sector for Microsoft. This business became the largest revenue and profit producer in the Americas for Microsoft Services, combined with top customer satisfaction results. As his role evolved into leading the world wide public sector services business, Mr. Horowitz oversaw a business generating in excess of \$700 million per year with growth of more than 20% per year.

Mr. Horowitz will formally join AcisTek Corporation on Monday, October 19, 2015, assuming oversight of all current operations, contractual matters, strategic direction, and corporate expansion. Of the impending management change, current CEO Daniel Cheng said, "It is my privilege to welcome Mr. Horowitz to the AcisTek community. We are confident that he will continue the tradition of rapid development and rapid results which serves as the foundation of our business plan."

As a native Washingtonian, Mr. Horowitz and his wife Sandy and 3 children (Zack, Max and Sarah) live in Bethesda, Maryland. Mr. Horowitz has a B.S. in Marketing from the University of Maryland and MBA from Loyola University of New Orleans. Coming to AcisTek in Crystal City is a bit of deja vu as his first professional position was with a government services firm on 23rd Street in Crystal City. Mr. Horowitz is very energized about the opportunity to work with and lead the AcisTek Team and looks forward to getting to know everyone in AcisTek.
